

## Technical Data Sheet

### Revamil® Hand

#### Product

Honey-based, hand cream

#### Description

Revamil® Hand is an deep-acting cream with honey for the every-day care of dry and rough hands, due to frequent hand washing. The antioxidants in honey soothe and calm the skin and aid the healing of chapped skin. Despite the addition of honey, the cream does not feel sticky, because it is absorbed completely into the skin. Almond oil and shea butter have been added to help protect the skin against dehydration. The scent of Revamil® Hand is pleasant and discreet.

**To use for:** dry hands due to frequent hand washing, rough skin, chapped, damaged hands

#### Box

Revamil® Hand is supplied in 100 ml tubes.

#### Composition

Aqua, Honey, Ethylhexyl Stearate, Glyceryl Stearate, Glycerin, Cetearyl Alcohol, Prunis Dulcis, Dimethicone, Ceteareth-20, Butyrospermum Parkii, Phenoxyethanol, Ceteareth-12, Cetyl Palmitate, Ethylhexylglycerin, Parfum, Glycine soja, Butylphenyl Methylpropional, Lecithin, Citronellol, Hexyl Cinnamal, Linalool, Ascorbyl Palmitate, Geraniol, Tocopherol.

#### Expiration

Six months after opening.

#### Quality and safety

The product is manufactured under Bfactory's ISO 13485 certified quality management system. Revamil® Hand is a personal care product that has been extensively tested for stability, effectiveness and safety.

#### Pharmaceutical substances/animal origin

Revamil® Hand contains no pharmaceutical substances and is paraben-free.

Revamil® Hand does not contain ingredients of animal origin (definition of animals excludes honeybees, according to EU guidelines).

#### Directions for use

Massage Revamil® Hand into the hands regularly. Allow the cream to be absorbed.

#### Contra indications

Do not use Revamil® Hand if the patient is known to be allergic to honey.
